Barolo Riserva Gramolere 2015

A layered, complex nose, full of dark raspberries, cinnamon and sweet red currants, as well as cedar and hot stones. Finely structured and textured on the full-bodied palate. There's volume and tension, but no heft. Quite long and bright finish. Tightly wound, yet the fine-grained tannins are well resolved. Drink or hold.

Rossese Bianco Langhe Rosserto 2018

Loads of citrus-peel and floral character to this, as well as some creamy mineral character that gives a lightly honeyed edge to the fruit on the palate. Medium-bodied with good focus and a tight fruit and mineral finish. This is a bit erratic, but such fun to drink now.

Nebbiolo Langhe Il Crutin 2019

The very first impression is of simplicity, but as you dig in the aromas of wild strawberries take on fresh wild-herb and savory, black-truffly notes that keep your nose glued to the glass for a while. Medium-bodied and silky with tannins that are already sinking beneath the core of nebbiolo fruit, yet show a little firmness at the end. This is one for young-nebbiolo fans. Lovely to drink now, but another year or two of bottle age will only do this good.

Barolo Castelletto 2017

I love the dense, savory elements that thicken up the red fruit on the nose, speaking more of terroir than oak influence. Full-bodied with lots of fine-grained tannins that are already giving an easy ride to the juicy fruit, through to a long, only lightly firm finish. It's very rare to give a drink-now recommendation to a young Barolo, This is irresistible right now. Yet, it should develop nicely in bottle, too. Drink or hold

Barolo Bricat 2017

Lots of ripe red-fruit and mineral character on the nose and palate, though not overly complex. Full-bodied, the tannins are almost chalk-like and are already soaking up some of the fruit. Full-bodied with a nice, grainy texture and plenty of flavor. Very embryonic feel at the moment. Hold till 2023 to see how it develops.

Barolo Gramolere 2017

A firm Barolo here that's showing more savory than fruity character at this stage, at least on the nose. But then, plenty of dense red fruit comes through on the medium-to-full palate and grapples with the firm tannins until the end. This has a way to go yet, but the quality is evident now. Try from 2024.
